Extract from the Proceedings of the Government of India in the Home Department (Public), under date Calcutta, the 8th December 1899.

RESOLUTION.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country, and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England, the desirability of providing themselves before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

His Highness the Maharaja desires to place on record his sense of the loss sustained by the State by the sudden death of Mr. Dalvai Devaraj Urs, Second Councillor, which occurred on the morning of the 18th instant.

The late Mr. Devaraj Urs had a long and distinguished career in the service of the Mysore Government. Beginning as an Attaché to the Mysore Commission in 1878, he rose to the high office of a Member of the State Council after serving with distinction in various capacities, such as Assistant Commissioner, Superintendent of Police, Deputy Commissioner, and Inspector-General of Police. His devotion to duty, sound common sense, genial and straightforward disposition and courteous manners greatly endeared him to every one with whom he came in contact. By his death, the State has lost one of its foremost citizens, the Government a trusted Councillor and the people a generous and sympathetic friend.

Government Order No. G. 8139—G. M. 12-06-68, dated 27th June 1907, prescribing revised rules for recruitment to the Mysore Civil Service.

---

No. G. 3528-75—G. M. 232-12-1, DATED BANGALORE, 6TH JANUARY 1913.

ORDER THEREON.—His Highness the Maharaja has been pleased to revise the rules read above and issue them as appended to this order.

I. The following officers shall, subject to the proviso contained in Rule XV *infra*, constitute the Mysore Civil Service :—

Assistant Commissioners of the A and B Schedules, including all officers of that grade working in the Revenue, Excise, Police, Survey and Account Departments and in the General and Revenue Secretariat; Subordinate Judges; Deputy Secretary; Deputy Commissioners, District Judges, Registrar of Co-operative Societies, and General and Revenue Secretary.

II. All future admissions to the grade of Assistant Commissioners shall be only in one of two ways, *viz.*—

(1) into the A Schedule by success at a competitive examination of candidates approved by His Highness the Maharaja; and

(2) into the B schedule by special selection made by His Highness the Maharaja,—

(*a*) from members of the lower ranks of the Mysore Public Service who have rendered meritorious service and have shown themselves fit in every way for holding higher appointments and who have also qualified themselves by passing the prescribed examinations, or

(*b*) on considerations of family or special considerations of fitness or for maintaining the representative character of the service.

III. A competitive examination for admission to the grade of Assistant Commissioners shall be held in the year 1913 and once every two years thereafter until further orders. The subjects for examination, the dates on and the manner in which it is to be held, the proportion of marks required for passing, and the number of candidates to be selected for appointment on the results of the examination shall be duly notified ordinarily one year before the examination. Both in general character and range of subjects the competitive examination shall be similar to the examination for the ordinary B. A. Degree of the University of Madras, but the actual test shall be of a somewhat higher standard. It may include, in addition, subjects pertaining to Political Economy, Public Administration, Public Finance, etc., as may be specified from time to time.

IV. Candidates for the competitive examination must be natives of Mysore by birth or domicile, must not be over 25 years of age on the date of the examination and must have graduated in Arts in an Indian or other University. Candidates not so qualified by birth or domicile may, however, be admitted to the examination, provided they have graduated from one of the Mysore Colleges or have been selected by His Highness the Maharaja for special reasons.

NOTE.—A person acquires a domicile in Mysore when he has voluntarily fixed the habitation of himself and his family therein, not for mere special or temporary purpose but with the present intention of making it his permanent home. A continued residence for five years shall be *prima facie* evidence of having acquired a domicile.

V. Candidates who fulfil these conditions and who are desirous of competing, shall send in their names, with evidence of age and qualifications, and information as to their place of birth, caste, family, occupation and social status, evidence of domicile in Mysore and also with certificates of character and conduct, to the General and Revenue Secretary to Government not later than a date to be fixed which will be usually nine months before the time appointed for the examination. From these candidates a selection will be made by His Highness the Maharaja and the names of those selected shall be notified in the official gazette. Within a month of such notification, the selected candidates shall present themselves before a Medical Board at a place and on a date to be notified by Government. It shall be an instruction to this Board to recommend for rejection all candidates not possessed of a good physique and constitution and not especially fitted for the active duties of an executive officer. The candidates finally approved by Government shall then be eligible for the examination.

VI. The number of candidates required, according to the exigencies of the service, shall be selected in order of merit from the list of candidates who have passed a satisfactory examination and admitted on probation to the grade of Assistant Commissioners as Civil Service Probationers.

VII. (1) The grade of Assistant Commissioners shall also be recruited, soon after the results of each Civil Service Examination are known, or at other appointed intervals, by the special selection of the requisite number of persons, according to vacancies, in the manner described in the second clause of Rule II; provided that no person shall be selected under Rule II (2) (*b*) unless he has passed the B.A. Degree of an Indian or other University.

(2) Nothing in clause (1) of this rule is intended to prevent temporary promotions to the grade of Assistant Commissioners from subordinate grades, in order to fill up existing vacancies; but an officer so promoted shall not, merely by reason of such promotion, be entitled to confirmation when permanent or temporary appointments are made under clause (1).

VIII. Persons admitted into the Mysore Civil Service by competition under Rule II (1) or nomination on family considerations or other considerations of fitness under Rule II (2) (*b*) will be under probation and training as specified below:—

(*a*) During the first two years after appointment they shall pass—

(i) an examination in riding;

(ii) departmental service examinations required according to the rules in force for the time being; and

(iii) such of them as have not taken Kannada as their optional language in a University or other recognized public examination, an examination in that language according to a prescribed standard.

A Probationer failing to pass the above tests by the end of the two years of probation may be allowed a further year's grace. Failing to pass in the third year his name will be removed from the list of Probationers.

During this period the Probationers will be trained in office work and other duties as far as may be practicable and will also receive a training in Treasury work, Revenue Survey and Elementary Engineering.

(*b*) (i) After the Probationers have passed the required examinations they will, at the discretion of Government, be appointed to the several departments of Government in accordance with the exigencies of service and individual aptitude and qualification, provided that Government may for sufficient reason at any time transfer an officer from one department to another.

(ii) Probationers intended for employment in the Accounts Department will, during the third year, be attached to the Comptroller's Office and trained in Civil and Public Works Accounts. In addition to practical training, they will be required to appear for and pass the Departmental Accounts Examinations which may be specified from time to time.

(iii) All other Probationers will, for a period of one year, be trained in the different branches of work in a taluk till they thoroughly understand the details of the work done and the duties performed by every official of the Revenue Department from the Amildar (or other officer of corresponding rank) downwards.

(iv) Probationers intended for employment in the Survey Department will, in addition to training as in (iii) above, be trained in the work of the department and will be required to pass the departmental examination in survey work.

A Probationer who does not give satisfaction during his course of training will be liable to have his confirmation deferred, or to be removed altogether from the service.

IX. (*a*) During the 1st two years of probation as laid down in Rule VIII (*a*) *supra* the Probationers will draw pay at Rs. 200 per mensem.

(*b*) During the third year of training as laid down in Rule VIII (*b*) *supra*, after passing the examinations, the Probationers will draw pay at Rs. 250 per mensem.

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Honorable the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded subject, to the conditions specified in para 8 of this Notification, and to the Excise Laws passed by the Government of Mysore, and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore. It will not include the manufacture or sale of Toddy, or of " Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated at between 34,000 and 36,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1908-09 having been 493,486 gallons. No quantity is, however, guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 25° under-proof, separately for sugarcane jaggory Arrack, for palmyra jaggory Arrack and for molasses Arrack at which they offer to supply during the whole period of the contract. The price thus tendered for and accepted by Government shall be the price at which Arrack of 25° under-proof will be supplied by the manufacturer to Government for issue to separate shop-keepers during the currency of the contract granted under this Notification. The manufacturer shall, on requisition of Government, manufacture and supply double-distilled or rectified spirits and other special liquors of greater or less strength than 25° under-proof, in bottles of 8½ drams (6 bottles to a gallon) or pints (12 bottles to a gallon), for issue to the persons licensed to vend the same at such prices as may be fixed by himself; but for single-distilled spirits of greater or less strength than 25° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 25° under-proof in accordance with Casella's Rules.

NOTE.—Sugarcane jaggory Arrack shall also be supplied in bottles, if required by the Excise Commissioner, who will fix the rates of bottling charges.

6. Each tender must be accompanied by a deposit of **Rs. 5,000** in cash, or in Government securities, duly endorsed in favor of " The Dewan of Mysore," and enclosed in a cover superscribed with the words " Tender for the exclusive privilege of the Manufacture of Arrack," and must be sent to the **Excise Commissioner at Bangalore** so as to reach him before noon on the **10th March 1913,** after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in **Bangalore** at 12 o'clock noon on the **10th March 1913,** in the presence of such of the applicants as may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected, will be returned to them on their application.

7. The applicant whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favor of " The Dewan of Mysore," to make up with the deposit previously made, the sum of **Fifty Thousand Rupees,** and shall execute an agreement, in the form presented on proper stamp, offering as additional security all his apparatus and stock and block in the Distillery, and binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to either make the deposit or sign the agreement required within such period, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely:—

I. The contractor will be required to manufacture Arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore and the arrangements existing in connection with the water-supply, the contractor shall pay rent to Government at Rs. 700 *per mensem.* Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost, subject to the payment by the contractor of such additional rent or

rate as may be fixed by Government; and such repairs to the Distillery buildings and channels as may be pointed out by the Executive Engineer, shall also be promptly executed by the contractor, provided the annual cost of such repairs does not exceed 50 rupees.

II. The contractor will be required to keep in store at the Central Distillery, ordinarily, a supply sufficient for a month's consumption (40,000 gallons at the present rate of consumption) and *never less* than 20,000 gallons of admissible spirits in terms of 25° under-proof.

III. The contractor will be allowed to purchase Arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distill Arrack and other country spirits. Should the contractor himself establish a Sugar Factory and distill Arrack and other country spirits therein, with the permission of the Government, he will be bound to keep in stock at such factory such quantities of Arrack and other country spirits, as may be fixed by Government.

IV. The spirits manufactured shall be of good quality, and Hessarghatta filtered water or distilled water shall be invariably used at the Distillery under the supervision of the Senior Officer in charge of the Distillery for reducing strong spirits to the authorized strength. The articles used in distilling shall be approved by the said officer. No ingredients obnoxious to health shall be used in distilling or put into the arrack or other country spirit or special liquor after it has been manufactured. The spirits manufactured shall not be adulterated or diluted, save by addition of Hessarghatta filtered water or distilled water for the purpose of reducing strength to the authorized degree.

V. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, after giving the contractor the first refusal of so doing.

VI. (1) The contractor shall, upon receipt by him of price at the rate fixed by his contract, issue at the Government Distillery or other place where he may be allowed to manufacture the same to the Senior Government Officer in charge thereof, such quantity of Arrack and other spirits as may be indented for by him for supply—

1*st*. To such Bonded Depots as Government may, from time to time, establish and maintain;

2*nd*. To the Government Excise Depot in the Civil and Military Station of Bangalore in compliance with indents received from the Superintendent of Excise, Civil and Military Station. Arrack supplied to the Civil and Military Station will not be paid for in advance but once a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the said Superintendent of Excise.

3*rd*. To such other places and persons as may be directed by the Excise Commissioner.

(2) The contractor shall have no interest in the retail vend of Arrack. Nor shall he employ as agent or in any other capacity in the Distillery any person having such interest.

(3) The contractor shall sell double-distilled or rectified spirits and other special liquors manufactured by him to the licensees for the vend of "Foreign Spirits and Foreign Fermented Liquors" other than *draught* Foreign Malt Liquors. He shall also sell the same to Bonded Depots and to Hospitals and other public institutions, on the Excise Commissioner's requisition. These shall be issued in uniform sized bottles (6 qts. or 12 pints to a gallon) and at such rates of bottling charges as may be fixed from time to time by the Excise Commissioner.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, except for issue to Bonded Depots, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

NOTE.—This condition does not apply to removal of arrack for the supply of the Government Excise Depot in the Civil and Military Station, for which no Treasury receipt will be required.

VII. The contractor shall be bound to conform to the provisions of the Excise Laws for the time being in force in the Territories of Mysore and in the Civil and Military Station of Bangalore; and he shall see that all his employees give full effect to them.

VIII. The out-going contractor shall give and the in-coming contractor shall take over, any Arrack or other country spirits and special liquors not exceeding a month's

supply which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

IX. Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation by him must cease. The in-coming contractor shall issue Arrack and other country spirits and other special liquors from the Distillery to Bonded Depots, if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supply ready in all Bonded Depots for issue from the 1st July of the first year of his contract.

X. The out-going contractor shall sell, and the in-coming contractor shall buy, all apparatus and stock and block belonging to the former at the Government Distillery near Bangalore, or other authorized place of distillation for a fair and equitable price to be fixed by the Excise Commissioner, calculating the original cost and deducting therefrom such portion of it on account of depreciation as may be considered reasonable. The present valuation comes to Rs. 72,862-6-9, as per list attached.

XI. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

XII. In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor and all his apparatus and stock and block, forfeited, and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

XIII. The contract shall not be transferable except with the consent of the Government of His Highness the Maharaja of Mysore.

Admissions of candidates who fail in the Matriculation Examination or fail to obtain a completed School Leaving Certificate shall not be made to the VI Form later than the 10th day after the announcement of the results. When a pupil on account of illness or other serious reason is unable to appear for admission within the prescribed time, the Headmaster shall have discretion to receive a formal application for admission before the latest date for admission of pupils, but in such cases both the fact of provisional admission by application, together with the reasons for it and the date of commencement of the pupil's attendance, shall be reported for approval to the Circle Inspector.

II. At the beginning of the second term, admission to High School Forms IV to VI shall be made within ten days after reopening, only on the production of a transfer certificate. At other times of the year, admissions by transfer certificates shall be allowed only for very special reasons such as the death of a parent or guardian, and all such special cases of admission shall be reported for approval to the Circle Inspector.

III. A pupil coming from another recognised High School shall not as a rule be placed in a form lower than that for which his transfer certificate declares him eligible, except on the results of a written examination in English and Mathematics to be held if considered necessary. The questions and answers of such examination shall be preserved in the school records to the end of the academical year.

### SIZE OF HIGH SCHOOL CLASSES.

No additional pupil shall without the sanction of the Inspector-General of Education be admitted to a High School class when there are already forty pupils on the roll, unless the management is prepared to divide the class into two sections within a period not exceeding two months from the date on which the number on the roll first exceeds forty.

### RULES FOR PROMOTIONS IN ANGLO-VERNACULAR MIDDLE AND HIGH SCHOOLS.

I. Promotions shall be made on a consideration of the class work and of the results of the examinations during the year.

II. The School Council or the Headmaster and the Assistant Masters engaged in teaching a class shall together decide the promotions.

III. No boy shall be promoted who fails to get 35 per cent marks in English and 35 per cent on the whole in the Anglo-Vernacular Schools and 40 per cent in English and 40 per cent on the whole in the High Schools.

IV. Promotions shall be decided before the day on which a school reopens after the long vacation and announced on the notice board on the morning of the first working day of the year. Promotions, after they are once announced on the notice board, shall be final and not be altered under any circumstances.

V. No promotions shall be made on trial.

VI. Without the special permission of the Inspecting Officer, no boy shall be permitted to remain in the same class of the same Anglo-Vernacular or High School who has not obtained promotion for two years. But this rule shall not apply to boys of the VI Form.

Tenders in the form hereunto appended are hereby invited for the exclusive privilege of the Manufacture of Arrack and other Country Spirits for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of three years from **1st July 1913 to 30th June 1916**.

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Honorable the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded, subject to the conditions specified in para 8 of this Notification, and to the Excise Laws passed by the Government of Mysore, and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore. It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated at between 34,000 and 36,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1908-09 having been 493,486 gallons. No quantity is, however, guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 25° under-proof, separately for sugarcane jaggory Arrack, for palmyra jaggory Arrack and for molasses Arrack at which they offer to supply during the whole period of the contract. The price thus tendered for and accepted by Government shall be the price at which Arrack of 25° under-proof will be supplied by the manufacturer to Government for issue to separate shop-keepers during the currency of the contract granted under this Notification. The manufacturer shall, on requisition of Government, manufacture and supply double-distilled or rectified spirits and other special liquors of greater or less strength than 25° under-proof, in bottles of 8½ drams (6 bottles to a gallon) or pints (12 bottles to a gallon), for issue to the persons licensed to vend the same at such prices as may be fixed by himself; but for single-distilled spirits of greater or less strength than 25° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 25° under-proof in accordance with Casella's Rules.

NOTE.—Sugarcane jaggory Arrack shall also be supplied in bottles, if required by the Excise Commissioner, who will fix the rates of bottling charges.

6. Each tender must be accompanied by a deposit of **Rs. 5,000** in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Arrack," and must be sent to the **Excise Commissioner at Bangalore** so as to reach him before noon on the **10th March 1913,** after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in **Bangalore** at 12 o'clock noon on the **10th March 1913,** in the presence of such of the applicants as may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected, will be returned to them on their application.

7. The applicant whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," to make up with the deposit previously made, the sum of **Fifty Thousand Rupees,** and shall execute an agreement, in the form presented on proper stamp, offering as additional security all his apparatus and stock and block in the Distillery, and binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to either make the deposit or sign the agreement required within such period, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely:—

I. The contractor will be required to manufacture Arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore and the arrangements existing in connection with the water-supply, the contractor shall pay rent to Government at Rs. 700 *per mensem*. Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost, subject to the payment by the contractor of such additional rent or

rate as may be fixed by Government; and such repairs to the Distillery buildings and channels as may be pointed out by the Executive Engineer, shall also be promptly executed by the contractor, provided the annual cost of such repairs does not exceed 50 rupees.

II. The contractor will be required to keep in store at the Central Distillery, ordinarily, a supply sufficient for a month's consumption (40,000 gallons at the present rate of consumption) and *never less* than 20,000 gallons of admissible spirits in terms of 25° under-proof.

III. The contractor will be allowed to purchase Arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distill Arrack and other country spirits. Should the contractor himself establish a Sugar Factory and distill Arrack and other country spirits therein, with the permission of the Government, he will be bound to keep in stock at such factory such quantities of Arrack and other country spirits, as may be fixed by Government.

IV. The spirits manufactured shall be of good quality, and Hessarghatta filtered water or distilled water shall be invariably used at the Distillery under the supervision of the Senior Officer in charge of the Distillery for reducing strong spirits to the authorized strength. The articles used in distilling shall be approved by the said officer. No ingredients obnoxious to health shall be used in distilling or put into the arrack or other country spirit or special liquor after it has been manufactured. The spirits manufactured shall not be adulterated or diluted, save by addition of Hessarghatta filtered water or distilled water for the purpose of reducing strength to the authorized degree.

V. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, after giving the contractor the first refusal of so doing.

VI. (1) The contractor shall, upon receipt by him of price at the rate fixed by his contract, issue at the Government Distillery or other place where he may be allowed to manufacture the same to the Senior Government Officer in charge thereof, such quantity of Arrack and other spirits as may be indented for by him for supply—

1*st*. To such Bonded Depots as Government may, from time to time, establish and maintain;

2*nd*. To the Government Excise Depot in the Civil and Military Station of Bangalore in compliance with indents received from the Superintendent of Excise, Civil and Military Station. Arrack supplied to the Civil and Military Station will not be paid for in advance but once a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the said Superintendent of Excise.

3*rd*. To such other places and persons as may be directed by the Excise Commissioner.

(2) The contractor shall have no interest in the retail vend of Arrack. Nor shall he employ as agent or in any other capacity in the Distillery any person having such interest.

(3) The contractor shall sell double-distilled or rectified spirits and other special liquors manufactured by him to the licensees for the vend of "Foreign Spirits and Foreign Fermented Liquors" other than *draught* Foreign Malt Liquors. He shall also sell the same to Bonded Depots and to Hospitals and other public institutions, on the Excise Commissioner's requisition. These shall be issued in uniform sized bottles (6 qts. or 12 pints to a gallon) and at such rates of bottling charges as may be fixed from time to time by the Excise Commissioner.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, except for issue to Bonded Depots, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

NOTE.—This condition does not apply to removal of arrack for the supply of the Government Excise Depot in the Civil and Military Station, for which no Treasury receipt will be required.

VII. The contractor shall be bound to conform to the provisions of the Excise Laws for the time being in force in the Territories of Mysore and in the Civil and Military Station of Bangalore; and he shall see that all his employees give full effect to them.

VIII. The out-going contractor shall give and the in-coming contractor shall take over, any Arrack or other country spirits and special liquors not exceeding a month's

supply which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

IX. Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation by him must cease. The in-coming contractor shall issue Arrack and other country spirits and other special liquors from the Distillery to Bonded Depots, if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supply ready in all Bonded Depots for issue from the 1st July of the first year of his contract.

X. The out-going contractor shall sell, and the in-coming contractor shall buy, all apparatus and stock and block belonging to the former at the Government Distillery near Bangalore, or other authorized place of distillation for a fair and equitable price to be fixed by the Excise Commissioner, calculating the original cost and deducting therefrom such portion of it on account of depreciation as may be considered reasonable. The present valuation comes to Rs. 72,862-6-9, as per list attached.

XI. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

XII. In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor and all his apparatus and stock and block, forfeited, and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

XIII. The contract shall not be transferable except with the consent of the Government of His Highness the Maharaja of Mysore.

NOTE 2.—The still-head duty payable to Government for Arrack of 25° under-proof by Shop-keepers is Rs. 4-12-0 per gallon, and the retail price thereof payable to the latter by the consuming public is Rs. 6-6-0 per gallon or two annas per dram, which is equal to $\frac{1}{51}$st part of a gallon. The rates of still-head duty and retail price of single-distilled spirits of greater or less strength than 25° under-proof, will be calculated proportionately upon the rates for 25° under-proof, in accordance with Casella's Rules. Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the manufacturing contractor shall not be entitled to claim any compensation for loss on account of such alteration. When any liquor other than ordinary Arrack manufactured in pursuance of this privilege or any liquor falling within the definition of foreign liquor is supplied by the contractor for sale within the Civil and Military Station, the duty chargeable thereon shall be assessed at the rates leviable for similar liquor of similar strength under the Tariff Act, I of 1906.

NOTE 3.—For double-distilled or rectified spirits of all strengths, the rates of still-head duty will be calculated proportionately upon the rate for 25° under-proof, in accordance with Casella's Rules. But for these spirits as well as for other special liquors manufactured at the Government Central Distillery, Bangalore, or other place approved by Government, both the manufacturer and the licensed vendor will be at liberty to fix their own prices.

NOTE 4.—The present contractors are reported to have, up to the end of January 1913, incurred an expenditure of Rs. 72,862-6-9, on account of plant put up.

Tenders in the form hereunto appended are hereby invited for the exclusive privilege of the Manufacture of Arrack and other Country Spirits for the territories of Mysore, inclusive of the Civil and Military Station of Bangalore, for a period of three years from **1st July 1913 to 30th June 1916.**

2. The contract for the Civil and Military Station of Bangalore is included in this Notification with the permission of the Honorable the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded, subject to the conditions specified in para 8 of this Notification, and to the Excise Laws passed by the Government of Mysore, and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore. It will not include the manufacture or sale of Toddy, or of "Foreign Spirits and Foreign Fermented Liquors," or of Country Beer.

4. The quantity of Arrack required is estimated at between 34,000 and 36,000 gallons a month, the quantity actually issued from the Bangalore Distillery in the year 1908-09 having been 493,486 gallons. No quantity is, however, guaranteed to the manufacturer, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 25° under-proof, separately for sugarcane jaggory Arrack, for palmyra jaggory Arrack and for molasses Arrack at which they offer to supply during the whole period of the contract. The price thus tendered for and accepted by Government shall be the price at which Arrack of 25° under-proof will be supplied by the manufacturer to Government for issue to separate shop-keepers during the currency of the contract granted under this Notification. The manufacturer shall, on requisition of Government, manufacture and supply double-distilled or rectified spirits and other special liquors of greater or less strength than 25° under-proof, in bottles of 8½ drams (6 bottles to a gallon) or pints (12 bottles to a gallon), for issue to the persons licensed to vend the same at such prices as may be fixed by himself; but for single-distilled spirits of greater or less strength than 25° under-proof, the price chargeable by him will be according to such strength proportionately on the rate fixed for Arrack 25° under-proof in accordance with Casella's Rules.

NOTE.—Sugarcane jaggory Arrack shall also be supplied in bottles, if required by the Excise Commissioner, who will fix the rates of bottling charges.

6. Each tender must be accompanied by a deposit of **Rs. 5,000** in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Arrack," and must be sent to the **Excise Commissioner at Bangalore** so as to reach him before noon on the **10th March 1913,** after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in **Bangalore** at 12 o'clock noon on the **10th March 1913,** in the presence of such of the applicants as may be present. The final disposal of the tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected, will be returned to them on their application.

7. The applicant whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the Huzur Treasury, Bangalore, a further sum in cash, or in Government securities, duly endorsed in favor of "The Dewan of Mysore," to make up with the deposit previously made, the sum of **Fifty Thousand Rupees,** and shall execute an agreement, in the form presented on proper stamp, offering as additional security all his apparatus and stock and block in the Distillery, and binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to either make the deposit or sign the agreement required within such period, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely:—

I. The contractor will be required to manufacture Arrack and other country spirits within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery buildings near Bangalore and the arrangements existing in connection with the water-supply, the contractor shall pay rent to Government at Rs. 700 *per mensem.* Such improvement or addition to the said buildings or water-supply as may be approved by the Government will be carried out at Government cost, subject to the payment by the contractor of such additional rent or

rate as may be fixed by Government; and such repairs to the Distillery buildings and channels as may be pointed out by the Executive Engineer, shall also be promptly executed by the contractor, provided the annual cost of such repairs does not exceed 50 rupees.

II. The contractor will be required to keep in store at the Central Distillery, ordinarily, a supply sufficient for a month's consumption (40,000 gallons at the present rate of consumption) and *never less* than 20,000 gallons of admissible spirits in terms of 25° under-proof.

III. The contractor will be allowed to purchase Arrack and other country spirits from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distill Arrack and other country spirits. Should the contractor himself establish a Sugar Factory and distill Arrack and other country spirits therein, with the permission of the Government, he will be bound to keep in stock at such factory such quantities of Arrack and other country spirits, as may be fixed by Government.

IV. The spirits manufactured shall be of good quality, and Hessarghatta filtered water or distilled water shall be invariably used at the Distillery under the supervision of the Senior Officer in charge of the Distillery for reducing strong spirits to the authorized strength. The articles used in distilling shall be approved by the said officer. No ingredients obnoxious to health shall be used in distilling or put into the arrack or other country spirit or special liquor after it has been manufactured. The spirits manufactured shall not be adulterated or diluted, save by addition of Hessarghatta filtered water or distilled water for the purpose of reducing strength to the authorized degree.

V. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish out-stills, after giving the contractor the first refusal of so doing.

VI. (1) The contractor shall, upon receipt by him of price at the rate fixed by his contract, issue at the Government Distillery or other place where he may be allowed to manufacture the same to the Senior Government Officer in charge thereof, such quantity of Arrack and other spirits as may be indented for by him for supply—

1*st.* To such Bonded Depots as Government may, from time to time, establish and maintain;

2*nd.* To the Government Excise Depot in the Civil and Military Station of Bangalore in compliance with indents received from the Superintendent of Excise, Civil and Military Station. Arrack supplied to the Civil and Military Station will not be paid for in advance but once a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the said Superintendent of Excise.

3*rd.* To such other places and persons as may be directed by the Excise Commissioner.

(2) The contractor shall have no interest in the retail vend of Arrack. Nor shall he employ as agent or in any other capacity in the Distillery any person having such interest.

(3) The contractor shall sell double-distilled or rectified spirits and other special liquors manufactured by him to the licensees for the vend of "Foreign Spirits and Foreign Fermented Liquors" other than *draught* Foreign Malt Liquors. He shall also sell the same to Bonded Depots and to Hospitals and other public institutions, on the Excise Commissioner's requisition. These shall be issued in uniform sized bottles (6 qts. or 12 pints to a gallon) and at such rates of bottling charges as may be fixed from time to time by the Excise Commissioner.

No spirit shall be allowed to be removed from the Government Distillery, or other authorized place of manufacture, except for issue to Bonded Depots, unless the purchaser produces a Treasury receipt for the amount of duty paid therefor.

NOTE.— This condition does not apply to removal of arrack for the supply of the Government Excise Depot in the Civil and Military Station, for which no Treasury receipt will be required.

VII. The contractor shall be bound to conform to the provisions of the Excise Laws for the time being in force in the Territories of Mysore and in the Civil and Military Station of Bangalore; and he shall see that all his employees give full effect to them.

VIII. The out-going contractor shall give and the in-coming contractor shall take over, any Arrack or other country spirits and special liquors not exceeding a month's

supply which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same such value as may be fixed by the Excise Commissioner.

IX. Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "Wash" during the last month of the expiring contract, and vacate the buildings so as to admit of the in-coming contractor commencing operations. Should no such notice be given, the out-going contractor may continue distilling till the end of his contract, after which further distillation by him must cease. The in-coming contractor shall issue Arrack and other country spirits and other special liquors from the Distillery to Bonded Depots, if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supply ready in all Bonded Depots for issue from the 1st July of the first year of his contract.

X. The out-going contractor shall sell, and the in-coming contractor shall buy, all apparatus and stock and block belonging to the former at the Government Distillery near Bangalore, or other authorized place of distillation for a fair and equitable price to be fixed by the Excise Commissioner, calculating the original cost and deducting therefrom such portion of it on account of depreciation as may be considered reasonable. The present valuation comes to Rs. 72,862-6-9, as per list attached.

XI. Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer.

XII. In case of a breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor and all his apparatus and stock and block, forfeited, and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

XIII. The contract shall not be transferable except with the consent of the Government of His Highness the Maharaja of Mysore.

*No. G.* 4058-109—*G. M.* 55-12-109, *dated Bangalore*, 25*th January* 1913.

ORDER.—In supersession of the rules contained in paragraph 4 and subsequent paragraphs, of Government Order No. G. 488-535—G. M. 36-11-7, dated the 21st July 1911, regarding the constitution and the functions of the Mysore Economic Conference, the Government of His Highness the Maharaja are pleased to issue the following revised rules:—

1. The following officers and gentlemen will constitute the Conference:—
*President.*—The Dewan of Mysore.
*Vice-Presidents.*—The Members of Council.

*Members.*—
(1) Selected Heads of Departments (*to be ex-officio members*).
(2) Members of the Legislative Council.
(3) Selected retired officers of Government.
(4) Deputy Commissioners (*to be ex-officio members*).
(5) Leading private gentlemen, not less than six or more than nine in number, to be selected from among public-spirited citizens, prominent agriculturists, merchants, etc.

The selection of members under (1), (3) and (5) will be made by the Government and the names of the members selected will be published in the official Gazette. Persons thus nominated will be members of the Conference for a period of three years from the date of nomination, and at the expiry of such period, will be eligible to be again nominated. Members of the Legislative Council will be members of the Conference as long as they continue to be on the Legislative Council.

2. The Conference will meet ordinarily in June every year, but for the consideration of any important questions, meetings may be convened at other times of the year by a special order of His Highness the Maharaja. The time and place of the meetings of the Conference will be notified to the members beforehand.

The work of the Conference will be carried on during the rest of the year by three Central Committees, namely, one for Agriculture, one for Education and one for Industries and Commerce.

3. A list of subjects which may be dealt with by the Conference is appended to this order. Any additions or alterations which may suggest themselves, may also be made to this list from time to time by the Conference, or with the approval of the President, by the Central Committees concerned. It should be clearly understood that the Conference shall not discuss any questions which concern the prerogatives of His Highness the Maharaja, the constitution of the State, its relations with the Government of India or the policy of the Supreme Government.

4. The Deputy Commissioners of Districts should consult the leading men of their districts in regard to the subjects suggested for discussion and come to the Conference posted with the views of such men, so that they may be able to represent public opinion as well as their own.

5. For the present, the proceedings of the Conference will not be open to the public and the discussion should be treated as confidential. But such resolutions and other proceedings of the Conference and of its Committees as may be selected by the President in consultation with the Chairmen of the Committees, may be published from time to time.

Such recommendations as have the support of the majority of the Conference may be submitted to Government in the form of resolutions. Government may take such action as they may deem fit on these resolutions.

6. From the list of the subjects referred to above or as may be hereafter revised, the Conference will select questions which may be usefully taken up for study and discussion by the Central Committees. These Committees may each be composed of five members of the Conference and such other gentlemen, as may be selected by the President of the Conference, not exceeding six for each Committee, whether officials or non-officials, whether members of the Conference or not. Persons who are appointed as members of the Committees may take part in the deliberations of the Conference and vote therein and may be treated as members of the Conference for the time being.

7. A Committee for each district composed of officials, members of the Representative Assembly and non-officials, not exceeding 20 in number, may also be appointed by the President, in consultation with the Chairmen of the Central Committees, and the Deputy Commissioner of the District will be the President of the Committee. District Committees will take up such business as may be assigned to them by the Central Committees and such other business connected with other subjects, coming within the purview of the Conference, as they may wish to investigate. They may incur only such expenditure and on such subjects as may be assigned to them by the Central Committees.

8. Subject to confirmation by the President and the Chairman of the Committee concerned, the Central Committees and the District Committees are authorised to appoint "Associates" up to the number of 50 for each, for one year at a time, to form a connecting link between the Committee and the individuals or agencies engaged in similar work.

9. Copies of all publications and proceedings of each of the Central Committees (except such as may be considered confidential by the Chairman concerned) will be supplied to all the members of the Conference and the District Committees and to the Associates. Questions and subjects for local investigation may be referred to Associates who may also send up reports and suggestions for consideration to District and Central Committees.

10. The appointments of Secretary to the Conference and Secretaries to the Central Committees will be made by Government.

11. The Central Committees should meet once a month and oftener, if necessary. The District Committees also should ordinarily meet once a month.

On every question considered by the Committees, correct information should first be collected in regard to its importance to the Province and a note or monograph prepared embodying the same. The next step will be to compare conditions in Mysore with those in other countries or localities. The Committees may issue their monographs to the public and the press in order to stimulate public discussion. They may consult expert opinion both within and outside the State. It will be their duty to collect information of value from every quarter and make it available both to the Government and the public in an easily assimilable form. Ordinarily the Committees will report their opinions and recommendations to the Conference once a year, before the end of April, so as to be available for the next session.

The Committees may also initiate experiments, prepare practical schemes for execution by the department concerned, recommend help to industries and agricultural improvements and suggest to Government such other steps as may be considered desirable to improve the economic condition of the country.

12. The Conference may also suggest any modifications that may be considered necessary in the rules to ensure the smooth working of the scheme and increase its usefulness, and also frame such subsidiary rules as may be required.

To—All Heads of Departments.
The Deputy Commissioners of Districts.
The Provisional Secretary, Economic Conference.
The Chairmen of the three Committees.

ORDER.—In supersession of the existing orders on the subject, the following revised rules are prescribed for the grant of reward for the destruction of wild animals in the State.

1. The rate of reward that may be granted for killing various kinds of wild animals are as follows :—

| | Rs. |
|---|---|
| Tigers ... ... ... ... | 35 each. |
| Panthers (cheetas) ... ... ... ... | 20 ,, |
| Wild dogs ... ... ... ... | 10 ,, |
| Wolves ... ... ... ... | 10 ,, |
| Hyænas ... ... ... ... | 5 ,, |
| Jungle cats ... ... ... ... | 2 ,, |

The above rates are maximum rates and Deputy Commissioners of Districts may exercise their discretion in fixing the amount of reward in each case.

2. Applicants for reward should produce the untanned skin, teeth and claws of the animal killed, along with their applications to the Amildar of the Taluk or to the Deputy Commissioners. Such applications should be supported by a certificate from the patel, or one or more respectable gentlemen of the village stating the place where and the date on which the animal was killed.

3. If the application is made before the Amildar, he should, unless otherwise instructed by the Deputy Commissioner by a general or special order, after satisfying himself that the skin is a fresh one, immediately forward it with the teeth and claws of the animal to the District Treasury with a short report to the Deputy Commissioner stating by whom, when and where the animal was killed. The Deputy Commissioner will, after personal inspection of the skin, if necessary, sanction a reward not exceeding the amount stated in para 1 *supra* and have the skin, etc., sent for deposit to the treasury where the skin will at once be punched. If the person claiming the reward desires to keep the skin, etc., as a trophy, the skin need not be punched, but may be returned to the applicant on his furnishing a muchalika to the effect that he will be careful so to dispose of the skin that it shall not again be presented for payment of reward. In such cases, a sum of Rs. 6, Rs. 2 or rupee one respectively, will be deducted from the reward according as the animal killed is a tiger, a cheetah or any other animal.

4. No reward will ordinarily be paid unless the claim is made and the skin, teeth and claws are presented within four months after the animal is killed. Deputy Commissioners may however sanction payment of rewards in special cases where satisfactory reasons are adduced for a delay of more than four months in the presentation of the claim.

5. Rewards for killing wild animals will be paid either in the District or Taluk Treasury as may be ordered by the Deputy Commissioner on receipts from the parties countersigned by the Deputy Commissioner. They should also bear a certificate signed by the officer sanctioning the reward, *viz.*, the Deputy Commissioner, that he has personally examined the skin of the animals or has satisfied himself from personal inquiry, of the genuineness of the claim. If the party desires payment at a Taluk Treasury, the Deputy Commissioner will arrange for it by means of a taluk cheque.

6. Skins, etc., received at the treasuries for the payment of reward and not required by Government should after being punched, be sold by public auction, due intimation of the same being given to probable bidders.

Letter No. 33—E. C., dated the 17—18th July 1912, from the Provisional Secretary, Economic Conference, submitting for the orders of Government the resolution carried at the Birthday Session of the Conference of 1912 about the establishment of a State-aided Bank.

---

No. FL. 5121-73—B. 9-12-2, DATED BANGALORE, 12TH MARCH 1913.

ORDER THEREON.—The subject of creating banking facilities for the development of trade and industries within the State by utilizing local capital as far as possible, has been engaging the attention of His Highness the Maharaja's Government for some time past. The question of starting a State-aided Bank in Mysore was urged on the attention of the Economic Conference in the Dasara Session of 1911 by the Committee for Industries and Commerce. It was discussed at the Conference and referred by that body to a Special Committee consisting of the Members of the Industries and Commerce Committee and three other gentlemen including the Comptroller to Government. The subject was exhaustively considered by the Special Committee and a workable scheme was framed and submitted to the Economic Conference at the June Session of 1912.

2. The Conference in resolving upon the desirability of establishing a State-aided Bank recommend the grant of the following concessions to the Bank by the Government:—

(1) The Government to maintain in the Bank, for a period of fifteen years, a minimum balance of half the paid-up capital without interest and deposit another sum of five lakhs at a reasonable rate of interest, if required by the Bank.

(2) The rate of interest to be paid for deposits, if any, in excess of this amount and other terms for business between Government and the Bank may be arranged for for three years at a time.

(3) Government to pay half the working expenses of the Bank for the first five years.

(4) As far as possible, the Bank to be permitted to do treasury work wherever it has branches open.

(5) Whenever the Government has to collect interest on its investments, the Bank of Mysore to be given preference.

(6) Government to provide treasury guards, without charge, within the Mysore State without involving any liability for loss by theft, negligence, etc.

(7) Government to provide guards, free of charge, in places where there is no railway.

(8) Municipal and District Fund balances to be lodged in the Bank.

(9) Government to appoint an auditor, free of charge, every year to audit the accounts and submit a report to Government.

3. After having given the subject full consideration, the Government of His Highness the Maharaja are of opinion that the formation of a State-aided Bank to be called The Bank of Mysore, on the lines suggested and with its headquarters at Bangalore is desirable.

4. The Government will be pleased to grant the following concessions to the Bank when started:—

(i) The Government to maintain in the Bank, for a period of ten years, a minimum balance of half the paid-up capital, without interest, not exceeding five lakhs and to deposit another equal amount at a reasonable rate of interest, that is, not less than 3 per cent per annum, if required by the Bank.

(ii) The Government to pay half the working expenses of the Bank for the first five years and this contribution is not to exceed Rs. 10,000 per annum unless the special sanction of the Government is obtained to increasing the working expenses to more than Rs. 20,000 per annum.

(iii) The Bank to be permitted to do at district headquarters and other places approved by Government, such treasury work as may be decided upon from time to time.

(iv) The Bank to be given preference, as far as possible, in the matter of deposit of securities to be hereafter purchased by Government.

(v) The Government to supply treasury guards within the State and free escort for remittances between places not connected by railway for a period of five years and thereafter on payment of a reasonable charge, the Government not being held responsible for losses by theft, negligence, etc.

5. The Bank, on the other hand, will be required to consent to the following conditions. The concessions mentioned in the foregoing paragraph will continue only so long as these conditions are satisfied.

(i) To employ or invest or otherwise utilise at least 50 per cent of the capital, deposits and other funds at the disposal of the Bank within the limits of the Mysore State including the Civil and Military Station.

(ii) To appoint a duly qualified banking expert with the approval of Government to manage its affairs.

(iii) To its accounts being audited once a year, or more frequently by a person appointed by Government and to furnish Government as promptly as possible with all information and explanations and to produce for inspection of such person all accounts, documents, securities and other property of the Bank, as Government may require.

(iv) To obtain the approval by Government of the appointment of the President of the Directors.

(v) To publish such accounts as the Government may desire in the *Mysore Gazette* for the information of the public.

(vi) Not to engage in or enter into operations connected with foreign exchange.

(vii) Not to lend money on the security of immovable property.

(viii) To give due consideration to any advice that may be tendered by Government concerning the management of the business and employment and investment of the funds of the Bank.

6. In order to issue the necessary prospectus calling for shares, collect the required capital and to take necessary steps to bring the Bank into existence and to put it into working order, the following gentlemen each of whom has expressed his willingness to take shares in the Bank to the extent of Rs. 5,000 at least will form a Provisional Directorate. The initial expenditure will be raised by the Provisional Directors amongst themselves and on the formation of the Bank they will be entitled to recoup themselves either in shares or in cash and receive such promotion money as may be agreed to by the shareholders and approved by Government.

Mr. E. R. Subbroyer,
Mr. Mandi Hariyanna,
Mr. L Srinivasiengar,
Mr. M. Chengiah Chetty,
Mr. S. Narayana Rao,
Mr. Abdul Quddus,
with two more members to be added by selection by the above seven gentlemen.

7. The capital of the Bank should be not less than 20 lakhs but operations may be started when the paid-up capital amounts to 5 lakhs. As soon as the Bank is started the confirmation of the Directors or the appointment of new Directors and the management of the Bank will vest in the shareholders as is usual in such cases.

8. The Government have no objection to the contents of this order being widely circulated in the prospectus and otherwise and to the advertisement of the fact that the institution is under the patronage of and in receipt of aid from the Government of His Highness the Maharaja. But it should be made clear to all concerned that the entire liabilities as well as the entire profits of the concern will be the shareholders alone. A note to this effect should be printed in the prospectus and on the back of the share application forms both in English and Vernacular.

9. The Government will, if required, for at least a year at the commencement, make available to the management of the Bank, such expert advice and co-operation as may be necessary to ensure its smooth working and development on sound business lines.

10. The Secretary of the Economic Conference will actively co-operate and do all that is necessary to help the Provisional Directors to bring the Bank into existence. An officer of the Account Department will also be associated to give advice in the initial stages of the organization.

*Proceedings of the Government of His Highness the Maharaja of Mysore.*

READ—

Letter No. 33—E. C., dated the 17—18th July 1912, from the Provisional Secretary, Economic Conference, submitting for the orders of Government the resolution carried at the Birthday Session of the Conference of 1912 about the establishment of a State-aided Bank.

No. FL. 5121-73—B. 9-12-2, DATED BANGALORE, 12TH MARCH 1913.

ORDER THEREON.—The subject of creating banking facilities for the development of trade and industries within the State by utilizing local capital as far as possible, has been engaging the attention of His Highness the Maharaja's Government for some time past. The question of starting a State-aided Bank in Mysore was urged on the attention of the Economic Conference in the Dasara Session of 1911 by the Committee for Industries and Commerce. It was discussed at the Conference and referred by that body to a Special Committee consisting of the Members of the Industries and Commerce Committee and three other gentlemen including the Comptroller to Government. The subject was exhaustively considered by the Special Committee and a workable scheme was framed and submitted to the Economic Conference at the June Session of 1912.

2. The Conference in resolving upon the desirability of establishing a State-aided Bank recommend the grant of the following concessions to the Bank by the Government:—

(1) The Government to maintain in the Bank, for a period of fifteen years, a minimum balance of half the paid-up capital without interest and deposit another sum of five lakhs at a reasonable rate of interest, if required by the Bank.

(2) The rate of interest to be paid for deposits, if any, in excess of this amount and other terms for business between Government and the Bank may be arranged for for three years at a time.

(3) Government to pay half the working expenses of the Bank for the first five years.

(4) As far as possible, the Bank to be permitted to do treasury work wherever it has branches open.

(5) Whenever the Government has to collect interest on its investments, the Bank of Mysore to be given preference.

(6) Government to provide treasury guards, without charge, within the Mysore State without involving any liability for loss by theft, negligence, etc.

(7) Government to provide guards, free of charge, in places where there is no railway.

(8) Municipal and District Fund balances to be lodged in the Bank.

(9) Government to appoint an auditor, free of charge, every year to audit the accounts and submit a report to Government.

3. After having given the subject full consideration, the Government of His Highness the Maharaja are of opinion that the formation of a State-aided Bank to be called The Bank of Mysore, on the lines suggested and with its headquarters at Bangalore is desirable.

4. The Government will be pleased to grant the following concessions to the Bank when started:—

(i) The Government to maintain in the Bank, for a period of ten years, a minimum balance of half the paid-up capital, without interest, not exceeding five lakhs and to deposit another equal amount at a reasonable rate of interest, that is, not less than 3 per cent per annum, if required by the Bank.

(ii) The Government to pay half the working expenses of the Bank for the first five years and this contribution is not to exceed Rs. 10,000 per annum unless the special sanction of the Government is obtained to increasing the working expenses to more than Rs. 20,000 per annum.

(iii) The Bank to be permitted to do at district headquarters and other places approved by Government, such treasury work as may be decided upon from time to time.

(iv) The Bank to be given preference, as far as possible, in the matter of deposit of securities to be hereafter purchased by Government.

(v) The Government to supply treasury guards within the State and free escort for remittances between places not connected by railway for a period of five years and thereafter on payment of a reasonable charge, the Government not being held responsible for losses by theft, negligence, etc.

5. The Bank, on the other hand, will be required to consent to the following conditions. The concessions mentioned in the foregoing paragraph will continue only so long as these conditions are satisfied.

(i) To employ or invest or otherwise utilise at least 50 per cent of the capital, deposits and other funds at the disposal of the Bank within the limits of the Mysore State including the Civil and Military Station.

(ii) To appoint a duly qualified banking expert with the approval of Government to manage its affairs.

(iii) To its accounts being audited once a year, or more frequently by a person appointed by Government and to furnish Government as promptly as possible with all information and explanations and to produce for inspection of such person all accounts, documents, securities and other property of the Bank, as Government may require.

(iv) To obtain the approval by Government of the appointment of the President of the Directors.

(v) To publish such accounts as the Government may desire in the *Mysore Gazette* for the information of the public.

(vi) Not to engage in or enter into operations connected with foreign exchange.

(vii) Not to lend money on the security of immovable property.

(viii) To give due consideration to any advice that may be tendered by Government concerning the management of the business and employment and investment of the funds of the Bank.

6. In order to issue the necessary prospectus calling for shares, collect the required capital and to take necessary steps to bring the Bank into existence and to put it into working order, the following gentlemen each of whom has expressed his willingness to take shares in the Bank to the extent of Rs. 5,000 at least will form a Provisional Directorate. The initial expenditure will be raised by the Provisional Directors amongst themselves and on the formation of the Bank they will be entitled to recoup themselves either in shares or in cash and receive such promotion money as may be agreed to by the shareholders and approved by Government.

Dewan Bahadur Rajasabha Bhushana Mr. K. P. Puttanna Chetty, Chairman.
Mr. E. R. Subbroyer,
Mr. Mandi Hariyanna,
Mr. L Srinivasiengar,
Mr. M. Chengiah Chetty,
Mr. S. Narayana Rao,
Mr. Abdul Quddus,
with two more members to be added by selection by the above seven gentlemen.

7. The capital of the Bank should be not less than 20 lakhs but operations may be started when the paid-up capital amounts to 5 lakhs. As soon as the Bank is started the confirmation of the Directors or the appointment of new Directors and the management of the Bank will vest in the shareholders as is usual in such cases.

8. The Government have no objection to the contents of this order being widely circulated in the prospectus and otherwise and to the advertisement of the fact that the institution is under the patronage of and in receipt of aid from the Government of His Highness the Maharaja. But it should be made clear to all concerned that the entire liabilities as well as the entire profits of the concern will be the shareholders alone. A note to this effect should be printed in the prospectus and on the back of the share application forms both in English and Vernacular.

9. The Government will, if required, for at least a year at the commencement, make available to the management of the Bank, such expert advice and co-operation as may be necessary to ensure its smooth working and development on sound business lines.

10. The Secretary of the Economic Conference will actively co-operate and do all that is necessary to help the Provisional Directors to bring the Bank into existence. An officer of the Account Department will also be associated to give advice in the initial stages of the organization.

The following memorandum prepared by the Director of the Pasteur Institute, Coonoor, for the use of patients proceeding to that Institute for treatment is published for general information:—

## MEMORANDUM OF INFORMATION FOR THE GUIDANCE OF PATIENTS PROCEEDING TO COONOOR FOR ANTI-RABIC TREATMENT AT THE PASTEUR INSTITUTE.

Coonoor is situated on the Nilgiri Hills about 6,000 feet above sea-level and can be reached by the Nilgiri Railway from Mettupalaiyam in about three hours.

2. Mettupalaiyam is on the south-west branch of the South Indian Railway and is easily accessible from all parts of Southern India. The institute is about a mile from the Coonoor railway station.

3. *Climate.*—The temperature of Coonoor ranges between 60° F. and 75° F. from March to September and between 40° F. and 60° F. from October to February.

4. The rainfall is about 70 inches, the greater part being received during the north-east monsoon in October, November and December.

5. Persons coming from the plains require fairly warm but not heavy clothing and bedding. Indigent Indian patients will be supplied with blankets.

6. *Accommodation.*—There are several hotels and boarding-houses which are open all the year round and also a residential club.

(*a*) Europeans and Eurasians are not accommodated at the institute but must make their own arrangements for board and lodging about which there is no difficulty. Persons who cannot afford hotel rates can find inexpensive lodgings in the town within three-quarters of a mile of the institute.

(*b*) Well-to-do Indians can find houses in convenient situations and others can arrange for lodging and meals in the town. Indigent patients are accommodated in the free quarters in the institute compound and will be provided with blankets and cooking pots.

(*c*) British soldiers and their familes stay in the sanitarium at Wellington and are sent daily to the institute in a tonga.

(*d*) Soldiers of Indian regiments will be accommodated in tents in the institute compound.

7. Patients who are sent by or at the expense of private employers, friends or other private persons or associations should be provided by them with the cost of their return journey and also with sufficient money to pay for their food during the course of treatment, which lasts 14 days. If desired, money for these purposes may be sent to the Director of the institute, and this course is strongly recommended in the case of menial servants and illiterate or other irresponsible people.

8. *Treatment.*—Patients should proceed to Coonoor as soon as possible after being bitten. All treatment at the institute is free but patients in a position to do so are expected to contribute something towards its upkeep. The course of treatment lasts 14 days and patients are not laid up but can go about as usual having regard to the rules of life recommended. Patients should always endeavour to bring with them the brain of the animal that bit them, one-half in pure glycerine and the other half in a mixture containing 3 per cent of bichromate of potash and 5 per cent glacial acetic acid in distilled water.

*Rules for the grant of concessions to Government servants and to indigent persons not employed in the public service to enable them, when bitten by rabid animals, to proceed to the Pasteur Institute at Coonoor for treatment.*

## I.—CONCESSIONS TO GOVERNMENT SERVANTS.

1. "Government servant" in these rules means a Government servant paid from Imperial or Provincial funds or from Port and Marine funds administered by Government, but does not include a Government servant on foreign service or in Municipal or Local Fund service.

2. Any Government servant who has been bitten by a rabid animal and who is too poor to proceed to Coonoor at his own expense may, provided that he is drawing not more than Rs. 100 a month, be granted—

(i) His actual travelling expenses to Coonoor and back, *viz.*, (*a*) a single fare each way by railway of the class by which he is entitled to travel on duty, (*b*) for journeys by road or river the actual cost of transit, not exceeding the amount admissible under rule. The expenses for the return journey should be paid to the patient at Coonoor after the treatment is finished, by the treasury officer, at that station, on production of a discharge certificate from the Director of the institute.

(ii) An advance of one month's pay.

(iii) One month's casual leave, any leave required in excess being treated as privilege or sick leave. Provided that if the absence of such Government servant makes it necessary for a substitute to be appointed the period of absence up to one month may, under orders of Government, be treated as extra privilege leave instead of casual leave.

NOTE.—The words "not more than Rs. 100 a month" occurring in this rule and the word "pay" occurring in this and subsequent rules should be interpreted as referring to "monthly substantive pay" as defined in Article 33, Civil Service Regulations.

3. Any Government servant who has difficulty in finding at once the means to enable him to proceed to the Coonoor institute, and whose pay exceeds Rs. 100 but does not exceed Rs. 500 a month, may be granted an advance not exceeding the amount admissible under rule 2 (i), and may also be granted an advance of one month's pay and one month's casual leave, provided that if the absence of such Government servant makes it necessary for a substitute to be appointed, the period of absence up to one month may, under orders of Government, be treated as extra privilege leave and not as casual leave. Any further leave required should be sick leave.

4. Any Government servant drawing not more than Rs. 500 a month may, if a member of his family is bitten by a rabid animal and he has difficulty in finding at once the means of sending him or her to the Pasteur Institute, Coonoor, be granted an advance not exceeding the actual travelling expenses admissible under rule 2 (i) *plus* one month's pay.

5. Government servants drawing more than Rs. 25 *per mensem* proceeding to the Pasteur Institue for treatment should bear the cost of their maintenance both during the journey and while under treatment at the institute. Those drawing not more than Rs. 25 *per mensem* are entitled to maintenance allowance during treatment as well as during the journey to and from the Pasteur Institue at the rates of daily allowance admissible to officers of the third and fourth classes as the case may be under Article 1063 of Civil Service Regulations.

6. The officers of the Madras Presidency mentioned in Appendix A are authorized to grant the abovementioned concessions to Government servants employed under them or subject to their authority.

7. The despatch of every Government servant to the Coonoor institute for treatment should at once be reported to the officer immediately superior to the officer by whom the patient is sent, and by that officer, if he is not the head of the department, to the head of the department. Where the head of the department himself sends the person, no further report will be required. A report should

also at once be made direct to the Director of the Pasteur Institute, Coonoor, stating—

(*a*) the class to which the patient has been treated as belonging for the purpose of travelling allowance;

(*b*) the amount of travelling allowance (by rail, road or river) advanced; and

(*c*) the number of days for which and the rate at which maintenance allowance has been advanced.

NOTE.—No amount can be drawn from the Coonoor sub-treasury until this information is received at the Pasteur Institute.

8. The Director's discharge certificate should be prepared in duplicate; one copy of it should be despatched by him to the Government servant responsible for the original advance, and the other copy should be attached to the bill for the travelling allowance for the return journey which will be presented for payment at the Coonoor treasury.

9. The bill for travelling allowance for the return journey should be at the same rates as were allowed for the journey to the institute and should also be supported by the original intimation received from the officer who is responsible for the original advance. Maintenance charges for days spent at Coonoor and for the days of the return journey may be advanced on separate bills drawn by the Director, who will certify thereon the class to which the patient belongs and the number of days that he was under treatment or that will be occupied in the journey.

10. The travelling and maintenance allowances of Government servants who are paid from Imperial and Provincial funds should be debited to a special detailed head, *viz.*, 32. MISCELLANEOUS—*Miscellaneous and unforeseen charges*—Charges for the treatment of patients at the Pasteur Institute. The travelling and maintenance allowances of servants of Port and Marine funds administered by Government should be debited to the funds from which their salaries are met. Any recoveries of overdrawals to be effected in consequence of a Government servant having been allowed travelling allowance in excess of that to which he was entitled will be made by the Accountant-General.

11. All advances made to Government servants under rules 2, 3 and 4 should ordinarily be recovered in three equal monthly instalments as provided in Article 137 (*b*) of the Civil Account Code. But in special cases where it is considered that the enforcement of the rule would cause hardship, the Local Government or the Honorable the Judges of the High Court, the Board of Revenue, and the officers named in the margin, who have been specially empowered in that behalf, may sanction the repayment of an advance in more than three, but not more than twelve instalments.

## II.—CONCESSIONS TO INDIGENT PERSONS NOT EMPLOYED IN THE PUBLIC SERVICE.

12. Any indigent person domiciled in British India not employed in the public service who has been bitten by a rabid animal, and who, in the opinion of any officer authorized to grant the concession, is unable to proceed to the Pasteur Institute, Coonoor, for treatment at his own expense, may be granted his actual travelling expenses to Coonoor and back, *viz.*, (*a*) a single third class fare each way by railway, (*b*) for journeys by road or river the actual cost of transit; (*c*) maintenance allowance at the following daily rates.—

Europeans and Eurasians, one rupee during the journey and Rs. 2-8-0 during treatment; Indians, four annas during the journey and six annas during treatment.

Provided that for the purpose of this rule no person or member of the family of a person who pays more than Rs. 50 as *kist* per annum or whose income from any other source than land exceeds Rs. 15 *per mensem* shall ordinarily be classed as indigent; nor shall any person be classed as indigent who has at the time or can obtain from relatives the means of paying his expenses.

A list of the officers in the Madras Presidency authorized to grant this concession is given in Appendix B.

13. A third class pass or ticket from the patient's station to Coonoor by the shortest and cheapest route on the terms allowed by the Railway Companies will be procured for the patient by the officer who despatches him to Coonoor. The Director, Pasteur Institute, Coonoor, will make similar arrangements for the patient's return journey after treatment.

READ—

Letter No. 33—E. C., dated the 17—18th July 1912, from the Provisional Secretary, Economic Conference, submitting for the orders of Government the resolution carried at the Birthday Session of the Conference of 1912 about the establishment of a State-aided Bank.

---

### NO. FL. 5121-73—B. 9-12-2, DATED BANGALORE, 12TH MARCH 1913.

ORDER THEREON.—The subject of creating banking facilities for the development of trade and industries within the State by utilizing local capital as far as possible, has been engaging the attention of His Highness the Maharaja's Government for some time past. The question of starting a State-aided Bank in Mysore was urged on the attention of the Economic Conference in the Dasara Session of 1911 by the Committee for Industries and Commerce. It was discussed at the Conference and referred by that body to a Special Committee consisting of the Members of the Industries and Commerce Committee and three other gentlemen including the Comptroller to Government. The subject was exhaustively considered by the Special Committee and a workable scheme was framed and submitted to the Economic Conference at the June Session of 1912.

2. The Conference in resolving upon the desirability of establishing a State-aided Bank recommend the grant of the following concessions to the Bank by the Government:—

(1) The Government to maintain in the Bank, for a period of fifteen years, a minimum balance of half the paid-up capital without interest and deposit another sum of five lakhs at a reasonable rate of interest, if required by the Bank..

(2) The rate of interest to be paid for deposits, if any, in excess of this amount and other terms for business between Government and the Bank may be arranged for for three years at a time.

(3) Government to pay half the working expenses of the Bank for the first five years.

(9) Government to appoint an auditor, free of charge, every year to audit the accounts and submit a report to Government.

3. After having given the subject full consideration, the Government of His Highness the Maharaja are of opinion that the formation of a State-aided Bank to be called The Bank of Mysore, on the lines suggested and with its headquarters at Bangalore is desirable.

4. The Government will be pleased to grant the following concessions to the Bank when started:—

(i) The Government to maintain in the Bank, for a period of ten years, a minimum balance of half the paid-up capital, without interest, not exceeding five lakhs and to deposit another equal amount at a reasonable rate of interest, that is, not less than 3 per cent per annum, if required by the Bank.

(ii) The Government to pay half the working expenses of the Bank for the first five years and this contribution is not to exceed Rs. 10,000 per annum unless the special sanction of the Government is obtained to increasing the working expenses to more than Rs. 20,000 per annum.

(iii) The Bank to be permitted to do at district headquarters and other places approved by Government, such treasury work as may be decided upon from time to time.

8. The Government have no objection to the contents of this order being widely circulated in the prospectus and otherwise and to the advertisement of the fact that the institution is under the patronage of and in receipt of aid from the Government of His Highness the Maharaja. But it should be made clear to all concerned that the entire liabilities as well as the entire profits of the concern will be the shareholders alone. A note to this effect should be printed in the prospectus and on the back of the share application forms both in English and Vernacular.

9. The Government will, if required, for at least a year at the commencement, make available to the management of the Bank, such expert advice and co-operation as may be necessary to ensure its smooth working and development on sound business lines.

10. The Secretary of the Economic Conference will actively co-operate and do all that is necessary to help the Provisional Directors to bring the Bank into existence. An officer of the Account Department will also be associated to give advice in the initial stages of the organization.

The tents stocked in the General and Revenue Secretariat Tent Stores are mainly intended for issue to officers who are entitled to supply of tents for Government purposes and for use in connection with official functions. It has however, been usual whenever practicable, to lend out tents as a matter of courtesy to respectable and influential persons and bodies for use in connection with semi-public and private functions. To prevent indiscriminate requisitions and to recoup the cost of wear and tear caused thereby, the following rules for regulating the issue of tents for such purposes are published for general information:—

1. Loan of Government tents for use during semi-public and private functions is permitted only in favour of persons of approved respectability and shall be at the absolute discretion of the Secretary to Government, General and Revenue Departments.

2. Applications for loan of tents from the Government Stores should ordinarily reach the Secretary to Government, General and Revenue Departments, at least a week before the date on which they are required. The number and kind of tents and the period for which they are required, should be clearly specified in the application.

3. The Secretary to Government, General and Revenue Departments, may permit the loan of tents asked for, if they are available in the Stores and are not required for official purposes.

4. If the tents asked for can be made available, an intimation to that effect will be given by the Registrar to the applicant, together with a statement of the amount recoverable from him for the use of the tents in accordance with the following scale of fees:—

| | | | | | |
|---|---|---|---|---|---|
| Shamianas, Durbar tents, double pole tents | ... Rs. | 2 | 0 | 0 | each per diem |
| Single Pole tents and Swiss Cottage tents | ... ,, | 1 | 0 | 0 | ,, |
| Hill tents, Sleeping Pals and Shooting Pals | ... ,, | 0 | 8 | 0 | ,, |
| Rowties and necessary tents ... | ... ,, | 0 | 4 | 0 | ,, |

The fees should be paid into a Government Treasury and the challan produced before the Registrar, General and Revenue Secretariat, before the tents are removed from the Stores.

*Note.*—Fees are payable for the days on which a tent is taken and on which it is returned.

5. Persons who have been permitted the loan of tents asked for, should take charge of them at the Government Stores. They will be held responsible to return the tents at the

Stores on the due date in the same condition as they were at the time of issue and will be liable for any loss or damage accruing to them from whatever causes during the period of the loan. They should make their own arrangements for the removal of the tents from and their return to the Stores. Government lascars will not be spared for pitching or other work but a lascar will be deputed to see that tents are properly used in cases in which such a course is considered necessary.

6. If the tents lent are required urgently for Government purposes, they should be returned within 24 hours on intimation of the necessity, when a proportionate amount of fees will be refunded.

7. Government reserve to themselves the power of remitting fees in the case of tents loaned to public bodies for functions of a public character.

8. The Secretary to Government, General and Revenue Departments, may summarily reject any application without assigning reasons therefor.

Conditions of acceptance for registration.

21. Parties bringing documents for registration shall take them with the fees payable direct to the Registering Officer and not to any of his subordinates. The Registering Officer should then satisfy himself on the following primary points:—

(1) That the document is presented by an executant, or a claimant, or a legal representative of either, duly empowered.

(2) That it is presented within the time prescribed by the Regulation.

(3) That it is presented at the proper office.

(4) If it relates to immovable property, that the property is sufficiently described (Sections 21 and 22).

(5) That it is written in a language recognized for registration purposes under Rules 8, 9 and 10 and if not, that it is accompanied by a copy and translation (Section 19).

(6) If it contains a map or plan, that it is accompanied by a sufficient number of copies thereof (Section 21).

If there is any informality in the presentation of the document of a nature which can be remedied, the Registering Officer shall give the parties such information as may be necessary, and return the fees and the document with a view to its being presented again in due form. If, for instance, the document is presented in the wrong office, he will inform them where they should go. If the parties have come without the prescribed fee, if an agent has come without a power of attorney or without such a power as the Regulation requires, if the description of the property is insufficient to identify the same, if the document is one which ought to be but is not accompanied by a copy and translation or by the required number of maps, or if there are interlineations, alterations, erasures or blanks which are not attested, the Registering Officer will explain what is wanted. If, however, there are none of these obstacles to the reception of the document, or if the document is presented again after these defects are rectified, he shall at once endorse on it with his signature, the date, hour and place of presentation, and the signature of every presenting party.

Cases of deficient stamp.

The stamp will then be examined. If the document is subject to stamp duty, but is unstamped or insufficiently stamped, it must be impounded agreeably to the provisions of Section 33 of the Mysore Stamp Regulation, 1900, to be dealt with by the Deputy Commissioner of the District under Section 40 of that Regulation.

*Note.*—If the executant of a deed, who is in doubt about the proper stamp, consults a Registering Officer on the subject *before formal presentation,* the required information may be given without impounding the deed. It will be explained to the executant at the same time, that if he wishes to obtain an authoritative opinion, he must apply to the Deputy Commissioner of the District under Section 31 of the Stamp Regulation.

Letter No. 33—E. C., dated the 17—18th July 1912, from the Provisional Secretary, Economic Conference, submitting for the orders of Government the resolution carried at the Birthday Session of the Conference of 1912 about the establishment of a State-aided Bank.

---

NO. FL. 5121-73—B. 9-12-2, DATED BANGALORE, 12TH MARCH 1913.

ORDER THEREON.—The subject of creating banking facilities for the development of trade and industries within the State by utilizing local capital as far as possible, has been engaging the attention of His Highness the Maharaja's Government for some time past. The question of starting a State-aided Bank in Mysore was urged on the attention of the Economic Conference in the Dasara Session of 1911 by the Committee for Industries and Commerce. It was discussed at the Conference and referred by that body to a Special Committee consisting of the Members of the Industries and Commerce Committee and three other gentlemen including the Comptroller to Government. The subject was exhaustively considered by the Special Committee and a workable scheme was framed and submitted to the Economic Conference at the June Session of 1912.

2. The Conference in resolving upon the desirability of establishing a State-aided Bank recommend the grant of the following concessions to the Bank by the Government:—

(1) The Government to maintain in the Bank, for a period of fifteen years, a minimum balance of half the paid-up capital without interest and deposit another sum of five lakhs at a reasonable rate of interest, if required by the Bank.

(2) The rate of interest to be paid for deposits, if any, in excess of this amount and other terms for business between Government and the Bank may be arranged for for three years at a time.

(3) Government to pay half the working expenses of the Bank for the first five years.

(4) As far as possible, the Bank to be permitted to do treasury work wherever it has branches open.

(9) Government to appoint an auditor, free of charge, every year to audit the accounts and submit a report to Government.

3. After having given the subject full consideration, the Government of His Highness the Maharaja are of opinion that the formation of a State-aided Bank to be called The Bank of Mysore, on the lines suggested and with its headquarters at Bangalore is desirable.

4. The Government will be pleased to grant the following concessions to the Bank when started:—

(i) The Government to maintain in the Bank, for a period of ten years, a minimum balance of half the paid-up capital, without interest, not exceeding five lakhs and to deposit another equal amount at a reasonable rate of interest, that is, not less than 3 per cent per annum, if required by the Bank.

(ii) The Government to pay half the working expenses of the Bank for the first five years and this contribution is not to exceed Rs. 10,000 per annum unless the special sanction of the Government is obtained to increasing the working expenses to more than Rs. 20,000 per annum.

(iii) The Bank to be permitted to do at district headquarters and other places approved by Government, such treasury work as may be decided upon from time to time.

(iv) The Bank to be given preference, as far as possible, in the matter of deposit of securities to be hereafter purchased by Government.

(v) The Government to supply treasury guards within the State and free escort for remittances between places not connected by railway for a period of five years and thereafter on payment of a reasonable charge, the Government not being held responsible for losses by theft, negligence, etc.

5. The Bank, on the other hand, will be required to consent to the following conditions. The concessions mentioned in the foregoing paragraph will continue only so long as these conditions are satisfied.

*Proceedings of the Government of His Highness the Maharaja of Mysore.*

READ—

Letter No. 33—E. C., dated the 17—18th July 1912, from the Provisional Secretary, Economic Conference, submitting for the orders of Government the resolution carried at the Birthday Session of the Conference of 1912 about the establishment of a State-aided Bank.

---

No. FL. 5121-73—B. 9-12-2, DATED BANGALORE, 12TH MARCH 1913.

ORDER THEREON.—The subject of creating banking facilities for the development of trade and industries within the State by utilizing local capital as far as possible, has been engaging the attention of His Highness the Maharaja's Government for some time past. The question of starting a State-aided Bank in Mysore was urged on the attention of the Economic Conference in the Dasara Session of 1911 by the Committee for Industries and Commerce. It was discussed at the Conference and referred by that body to a Special Committee consisting of the Members of the Industries and Commerce Committee and three other gentlemen including the Comptroller to Government. The subject was exhaustively considered by the Special Committee and a workable scheme was framed and submitted to the Economic Conference at the June Session of 1912.

2. The Conference in resolving upon the desirability of establishing a State-aided Bank recommend the grant of the following concessions to the Bank by the Government:—

(1) The Government to maintain in the Bank, for a period of fifteen years, a minimum balance of half the paid-up capital without interest and deposit another sum of five lakhs at a reasonable rate of interest, if required by the Bank.

(2) The rate of interest to be paid for deposits, if any, in excess of this amount and other terms for business between Government and the Bank may be arranged for for three years at a time.

(3) Government to pay half the working expenses of the Bank for the first five years.

(4) As far as possible, the Bank to be permitted to do treasury work wherever it has branches open.

(5) Whenever the Government has to collect interest on its investments, the Bank of Mysore to be given preference.

(7) Government to provide guards, free of charge, in places where there is no railway.

(8) Municipal and District Fund balances to be lodged in the Bank.

(9) Government to appoint an auditor, free of charge, every year to audit the accounts and submit a report to Government.

3. After having given the subject full consideration, the Government of His Highness the Maharaja are of opinion that the formation of a State-aided Bank to be called The Bank of Mysore, on the lines suggested and with its headquarters at Bangalore is desirable.

4. The Government will be pleased to grant the following concessions to the Bank when started:—

(i) The Government to maintain in the Bank, for a period of ten years, a minimum balance of half the paid-up capital, without interest, not exceeding five lakhs and to deposit another equal amount at a

reasonable rate of interest, that is, not less than 3 per cent per annum, if required by the Bank.

(ii) The Government to pay half the working expenses of the Bank for the first five years and this contribution is not to exceed Rs. 10,000 per annum unless the special sanction of the Government is obtained to increasing the working expenses to more than Rs. 20,000 per annum.

(iii) The Bank to be permitted to do at district headquarters and other places approved by Government, such treasury work as may be decided upon from time to time.

(iv) The Bank to be given preference, as far as possible, in the matter of deposit of securities to be hereafter purchased by Government.

(v) The Government to supply treasury guards within the State and free escort for remittances between places not connected by railway for a period of five years and thereafter on payment of a reasonable charge, the Government not being held responsible for losses by theft, negligence, etc.

5. The Bank, on the other hand, will be required to consent to the following conditions. The concessions mentioned in the foregoing paragraph will continue only so long as these conditions are satisfied.

(i) To employ or invest or otherwise utilise at least 50 per cent of the capital, deposits and other funds at the disposal of the Bank within the limits of the Mysore State including the Civil and Military Station.

As soon as the Bank is started the confirmation of the Directors or the appointment of new Directors and the management of the Bank will vest in the shareholders as is usual in such cases.

8. The Government have no objection to the contents of this order being widely circulated in the prospectus and otherwise and to the advertisement of the fact that the institution is under the patronage of and in receipt of aid from the Government of His Highness the Maharaja. But it should be made clear to all concerned that the entire liabilities as well as the entire profits of the concern will be the shareholders' alone. A note to this effect should be printed in the prospectus and on the back of the share application forms both in English and Vernacular.

9. The Government will, if required, for at least a year at the commencement, make available to the management of the Bank, such expert advice and co-operation as may be necessary to ensure its smooth working and development on sound business lines.

READ—

Letter No. 33—E. C., dated the 17—18th July 1912, from the Provisional Secretary, Economic Conference, submitting for the orders of Government the resolution carried at the Birthday Session of the Conference of 1912 about the establishment of a State-aided Bank.

---

No. FL. 5121-73—B. 9-12-2, DATED BANGALORE, 12TH MARCH 1913.

ORDER THEREON.—The subject of creating banking facilities for the development of trade and industries within the State by utilizing local capital as far as possible, has been engaging the attention of His Highness the Maharaja's Government for some time past. The question of starting a State-aided Bank in Mysore was urged on the attention of the Economic Conference in the Dasara Session of 1911 by the Committee for Industries and Commerce. It was discussed at the Conference and referred by that body to a Special Committee consisting of the Members of the Industries and Commerce Committee and three other gentlemen including the Comptroller to Government. The subject was exhaustively considered by the Special Committee and a workable scheme was framed and submitted to the Economic Conference at the June Session of 1912.

2. The Conference in resolving upon the desirability of establishing a State-aided Bank recommend the grant of the following concessions to the Bank by the Government:—

(1) The Government to maintain in the Bank, for a period of fifteen years, a minimum balance of half the paid-up capital without interest and deposit another sum of five lakhs at a reasonable rate of interest, if required by the Bank.

(2) The rate of interest to be paid for deposits, if any, in excess of this amount and other terms for business between Government and the Bank may be arranged for for three years at a time.

(3) Government to pay half the working expenses of the Bank for the first five years.

(4) As far as possible, the Bank to be permitted to do treasury work wherever it has branches open.

(5) Whenever the Government has to collect interest on its investments, the Bank of Mysore to be given preference.

(7) Government to provide guards, free of charge, in places where there is no railway.

(8) Municipal and District Fund balances to be lodged in the Bank.

(9) Government to appoint an auditor, free of charge, every year to audit the accounts and submit a report to Government.

3. After having given the subject full consideration, the Government of His Highness the Maharaja are of opinion that the formation of a State-aided Bank to be called The Bank of Mysore, on the lines suggested and with its headquarters at Bangalore is desirable.

4. The Government will be pleased to grant the following concessions to the Bank when started:—

(i) The Government to maintain in the Bank, for a period of ten years, a minimum balance of half the paid-up capital, without interest, not exceeding five lakhs and to deposit another equal amount at a

reasonable rate of interest, that is, not less than 3 per cent per annum, if required by the Bank.

(ii) The Government to pay half the working expenses of the Bank for the first five years and this contribution is not to exceed Rs. 10,000 per annum unless the special sanction of the Government is obtained to increasing the working expenses to more than Rs. 20,000 per annum.

(iii) The Bank to be permitted to do at district headquarters and other places approved by Government, such treasury work as may be decided upon from time to time.

(iv) The Bank to be given preference, as far as possible, in the matter of deposit of securities to be hereafter purchased by Government.

(v) The Government to supply treasury guards within the State and free escort for remittances between places not connected by railway for a period of five years and thereafter on payment of a reasonable charge, the Government not being held responsible for losses by theft, negligence, etc.

5. The Bank, on the other hand, will be required to consent to the following conditions. The concessions mentioned in the foregoing paragraph will continue only so long as these conditions are satisfied.

6. In order to issue the necessary prospectus calling for shares, collect the required capital and to take necessary steps to bring the Bank into existence and to put it into working order, the following gentlemen each of whom has expressed his willingness to take shares in the Bank to the extent of Rs. 5,000 at least will form a Provisional Directorate. The initial expenditure will be raised by the Provisional Directors amongst themselves and on the formation of the Bank they will be entitled to recoup themselves either in shares or in cash and receive such promotion money as may be agreed to by the shareholders and approved by Government.

As soon as the Bank is started the confirmation of the Directors or the appointment of new Directors and the management of the Bank will vest in the shareholders as is usual in such cases.

8. The Government have no objection to the contents of this order being widely circulated in the prospectus and otherwise and to the advertisement of the fact that the institution is under the patronage of and in receipt of aid from the Government of His Highness the Maharaja. But it should be made clear to all concerned that the entire liabilities as well as the entire profits of the concern will be the shareholders' alone. A note to this effect should be printed in the prospectus and on the back of the share application forms both in English and Vernacular.

9. The Government will, if required, for at least a year at the commencement, make available to the management of the Bank, such expert advice and co-operation as may be necessary to ensure its smooth working and development on sound business lines.

10. The Secretary of the Economic Conference will actively co-operate and do all that is necessary to help the Provisional Directors to bring the Bank into existence. An officer of the Account Department will also be associated to give advice in the initial stages of the organization.

Letter No. 33—E. C., dated the 17—18th July 1912, from the Provisional Secretary, Economic Conference, submitting for the orders of Government the resolution carried at the Birthday Session of the Conference of 1912 about the establishment of a State-aided Bank.

---

No. FL. 5121-73—B. 9-12-2, DATED BANGALORE, 12TH MARCH 1913.

ORDER THEREON.—The subject of creating banking facilities for the development of trade and industries within the State by utilizing local capital as far as possible, has been engaging the attention of His Highness the Maharaja's Government for some time past. The question of starting a State-aided Bank in Mysore was urged on the attention of the Economic Conference in the Dasara Session of 1911 by the Committee for Industries and Commerce. It was discussed at the Conference and referred by that body to a Special Committee consisting of the Members of the Industries and Commerce Committee and three other gentlemen including the Comptroller to Government. The subject was exhaustively considered by the Special Committee and a workable scheme was framed and submitted to the Economic Conference at the June Session of 1912.

2. The Conference in resolving upon the desirability of establishing a State-aided Bank recommend the grant of the following concessions to the Bank by the Government:—

(1) The Government to maintain in the Bank, for a period of fifteen years, a minimum balance of half the paid-up capital without interest and deposit another sum of five lakhs at a reasonable rate of interest, if required by the Bank.

(2) The rate of interest to be paid for deposits, if any, in excess of this amount and other terms for business between Government and the Bank may be arranged for for three years at a time.

(3) Government to pay half the working expenses of the Bank for the first five years.

(4) As far as possible, the Bank to be permitted to do treasury work wherever it has branches open.

(5) Whenever the Government has to collect interest on its investments, the Bank of Mysore to be given preference.

(6) Government to provide treasury guards, without charge, within the Mysore State without involving any liability for loss by theft, negligence, etc.

(7) Government to provide guards, free of charge, in places where there is no railway.

(8) Municipal and District Fund balances to be lodged in the Bank.

(9) Government to appoint an auditor, free of charge, every year to audit the accounts and submit a report to Government.

3. After having given the subject full consideration, the Government of His Highness the Maharaja are of opinion that the formation of a State-aided Bank to be called The Bank of Mysore, on the lines suggested and with its headquarters at Bangalore is desirable.

4. The Government will be pleased to grant the following concessions to the Bank when started:—

(i) The Government to maintain in the Bank, for a period of ten years, a minimum balance of half the paid-up capital, without interest, out exceeding five lakhs and to deposit another equal amount at a

reasonable rate of interest, that is, not less than 3 per cent per annum, if required by the Bank.

(ii) The Government to pay half the working expenses of the Bank for the first five years and this contribution is not to exceed Rs. 10,000 per annum unless the special sanction of the Government is obtained to increasing the working expenses to more than Rs. 20,000 per annum.

(iii) The Bank to be permitted to do at district headquarters and other places approved by Government, such treasury work as may be decided upon from time to time.

(iv) The Bank to be given preference, as far as possible, in the matter of deposit of securities to be hereafter purchased by Government.

(v) The Government to supply treasury guards within the State and free escort for remittances between places not connected by railway for a period of five years and thereafter on payment of a reasonable charge, the Government not being held responsible for losses by theft, negligence, etc.

5. The Bank, on the other hand, will be required to consent to the following conditions. The concessions mentioned in the foregoing paragraph will continue only so long as these conditions are satisfied.

(iv) To obtain the approval by Government of the appointment of the President of the Directors.

(v) To publish such accounts as the Government may desire in the *Mysore Gazette* for the information of the public.

(vi) Not to engage in or enter into operations connected with foreign exchange.

(vii) Not to lend money on the security of immovable property.

(viii) To give due consideration to any advice that may be tendered by Government concerning the management of the business and employment and investment of the funds of the Bank.

6. In order to issue the necessary prospectus calling for shares, collect the required capital and to take necessary steps to bring the Bank into existence and to put it into working order, the following gentlemen each of whom has expressed his willingness to take shares in the Bank to the extent of Rs. 5,000 at least will form a Provisional Directorate. The initial expenditure will be raised by the Provisional Directors amongst themselves and on the formation of the Bank they will be entitled to recoup themselves either in shares or in cash and receive such promotion money as may be agreed to by the shareholders and approved by Government.

Mr. L. Srinivasiengar,
Mr. M. Chengiah Chetty,
Mr. S. Narayana Rao,
Mr. Abdul Quddus,

with two more members to be added by selection by the above seven gentlemen.

7. The capital of the Bank should be not less than 20 lakhs but operations may be started when the paid-up capital amounts to five lakhs. As soon as the Bank is started the confirmation of the Directors or the appointment of new Directors and the management of the Bank will vest in the shareholders as is usual in such cases.

8. The Government have no objection to the contents of this order being widely circulated in the prospectus and otherwise and to the advertisement of the fact that the institution is under the patronage of and in receipt of aid from the Government of His Highness the Maharaja. But it should be made clear to all concerned that the entire liabilities as well as the entire profits of the concern will be the shareholders' alone. A note to this effect should be printed in the prospectus and on the back of the share application forms both in English and Vernacular.

9. The Government will, if required, for at least a year at the commencement, make available to the management of the Bank, such expert advice and co-operation as may be necessary to ensure its smooth working and development on sound business lines.

10. The Secretary of the Economic Conference will actively co-operate and do all that is necessary to help the Provisional Directors to bring the Bank into existence. An officer of the Account Department will also be associated to give advice in the initial stages of the organization.

READ—

Letter No. 33—E. C., dated the 17—18th July 1912, from the Provisional Secretary, Economic Conference, submitting for the orders of Government the resolution carried at the Birthday Session of the Conference of 1912 about the establishment of a State-aided Bank.

---

No. FL. 5121-73—B. 9-12-2, DATED BANGALORE, 12TH MARCH 1913.

ORDER THEREON.—The subject of creating banking facilities for the development of trade and industries within the State by utilizing local capital as far as possible, has been engaging the attention of His Highness the Maharaja's Government for some time past. The question of starting a State-aided Bank in Mysore was urged on the attention of the Economic Conference in the Dasara Session of 1911 by the Committee for Industries and Commerce. It was discussed at the Conference and referred by that body to a Special Committee consisting of the Members of the Industries and Commerce Committee and three other gentlemen including the Comptroller to Government. The subject was exhaustively considered by the Special Committee and a workable scheme was framed and submitted to the Economic Conference at the June Session of 1912.

2. The Conference in resolving upon the desirability of establishing a State-aided Bank recommend the grant of the following concessions to the Bank by the Government:—

(1) The Government to maintain in the Bank, for a period of fifteen years, a minimum balance of half the paid-up capital without interest and deposit another sum of five lakhs at a reasonable rate of interest, if required by the Bank.

(2) The rate of interest to be paid for deposits, if any, in excess of this amount and other terms for business between Government and the Bank may be arranged for for three years at a time.

(3) Government to pay half the working expenses of the Bank for the first five years.

(4) As far as possible, the Bank to be permitted to do treasury work wherever it has branches open.

(5) Whenever the Government has to collect interest on its investments, the Bank of Mysore to be given preference.

(6) Government to provide treasury guards, without charge, within the Mysore State without involving any liability for loss by theft, negligence, etc.

(7) Government to provide guards, free of charge, in places where there is no railway.

(8) Municipal and District Fund balances to be lodged in the Bank.

(9) Government to appoint an auditor, free of charge, every year to audit the accounts and submit a report to Government.

3. After having given the subject full consideration, the Government of His Highness the Maharaja are of opinion that the formation of a State-aided Bank to be called The Bank of Mysore, on the lines suggested and with its headquarters at Bangalore is desirable.

4. The Government will be pleased to grant the following concessions to the Bank when started:—

(i) The Government to maintain in the Bank, for a period of ten years, a minimum balance of half the paid-up capital, without interest, out exceeding five lakhs and to deposit another equal amount at a

reasonable rate of interest, that is, not less than 3 per cent per annum, if required by the Bank.

(ii) The Government to pay half the working expenses of the Bank for the first five years and this contribution is not to exceed Rs. 10,000 per annum unless the special sanction of the Government is obtained to increasing the working expenses to more than Rs. 20,000 per annum.

(iii) The Bank to be permitted to do at district headquarters and other places approved by Government, such treasury work as may be decided upon from time to time.

(iv) The Bank to be given preference, as far as possible, in the matter of deposit of securities to be hereafter purchased by Government.

(v) The Government to supply treasury guards within the State and free escort for remittances between places not connected by railway for a period of five years and thereafter on payment of a reasonable charge, the Government not being held responsible for losses by theft, negligence, etc.

5. The Bank, on the other hand, will be required to consent to the following conditions. The concessions mentioned in the foregoing paragraph will continue only so long as these conditions are satisfied.

(i) To employ or invest or otherwise utilise at least 50 per cent of the capital, deposits and other funds at the disposal of the Bank within the limits of the Mysore State including the Civil and Military Station.

(v) To publish such accounts as the Government may desire in the *Mysore Gazette* for the information of the public.

In order to issue the necessary prospectus calling for shares, collect the required capital and to take necessary steps to bring the Bank into existence and to put it into working order, the following gentlemen each of whom has expressed his willingness to take shares in the Bank to the extent of Rs. 5,000 at least will form a Provisional Directorate. The initial expenditure will be raised by the Provisional Directors amongst themselves and on the formation of the Bank they will be entitled to recoup themselves either in shares or in cash and receive such promotion money as may be agreed to by the shareholders and approved by Government.

Mr. L. Srinivasiengar,

Mr. M. Chengiah Chetty,

Mr. S. Narayana Rao,

Mr. Abdul Quddus,

with two more members to be added by selection by the above seven gentlemen.

7. The capital of the Bank should be not less than 20 lakhs but operations may be started when the paid-up capital amounts to five lakhs. As soon as the Bank is started the confirmation of the Directors or the appointment of new Directors and the management of the Bank will vest in the shareholders as is usual in such cases.

8. The Government have no objection to the contents of this order being widely circulated in the prospectus and otherwise and to the advertisement of the fact that the institution is under the patronage of and in receipt of aid from the Government of His Highness the Maharaja. But it should be made clear to all concerned that the entire liabilities as well as the entire profits of the concern will be the shareholders' alone. A note to this effect should be printed in the prospectus and on the back of the share application forms both in English and Vernacular.

9. The Government will, if required, for at least a year at the commencement, make available to the management of the Bank, such expert advice and co-operation as may be necessary to ensure its smooth working and development on sound business lines.

10. The Secretary of the Economic Conference will actively co-operate and do all that is necessary to help the Provisional Directors to bring the Bank into existence. An officer of the Account Department will also be associated to give advice in the initial stages of the organization.
